

TONY BRADSHAW

"Anything is possible when you
make the right choices."

MONEY. BUSINESS. LEADERSHIP. LIFE.

Tony Bradshaw is the author of ***The Millionaire Choice: Millionaire or Not. You Can Choose.*** and host of ***The Millionaire Choice Show: Make The Choice. Create Your Plan.*** Tony has founded several other brands in the personal finance and business space including the **Purpose of Wealth Live Events**, the Nashville based **Financial Speakers Group**, the **Higher Peak Mastermind**, and **AcuteMINDS Digital Agency**.

MAKE, MANAGE, and MULTIPLY YOUR MONEY with a PURPOSE

Tony created The Millionaire Choice brand to share what he's learned through his 30 year financial journey from lower income family to millionaire and business leader. He grew up in a household with bounced checks, unpaid bills, overspending, and the utilities frequently cutoff. At 25, Tony received his first full W2. He was shocked. **One year. \$39,000 earned. \$16,000 in debt.** That was the catalyst for his financial transformation. Tony made the Millionaire Choice, his choice to leave the broke lifestyle behind and become a millionaire by age 40. He accomplished his goal in 2011.

Now, he's inspiring and encouraging others to make the millionaire choice and create their millionaire plan.

Tony's book, *The Millionaire Choice*, was inspired by his vision of **empowering anyone to become a millionaire** regardless of their age, income, ethnicity, or financial situation. His mission is to create a movement of financially educated and wealthy people who know how to **make, manage, and multiply their money with a purpose.**

Making the world a better place by inspiring and equipping people with an abundance mindset and guiding them to **make the millionaire choice, create their millionaire plan, and give their money a purpose.**

SOCIETAL FINANCIAL TRANSFORMATION

Tony is working to build a **CITYWIDE FINANCIAL TRANSFORMATION SYSTEM** to help anyone transform their life, embrace abundance, and build wealth. His vision is to collaborate and work with other localized financial mentors to create a citywide financial transformation system that reaches and educates everyone in a city with financial literacy and instills an abundance mindset equipping them to build wealth.
